

The Laundry Managers' Problem

Cart covers that are ineffective or improperly attached to a cart can result in contents becoming soiled or wet, which then requires linens to be re-laundered. This duplication of efforts is both inefficient and costly. When laundry managers presented this challenge to Dura-Cast, we promptly explored a solution that would not only address the issue but would also give companies customized options in a range of fabrics and colors.

Product Description

Dura-Cast has designed a full selection of custom cart covers. We use a wide array of fabrics, which makes it possible to specify the precise material and color to meet your specifications. Cart colors and stenciling can coordinate with the laundry or customer's color scheme and brand identity.

Standard Features

- Full flaps
- Choice of heavy-duty zippers or Velcro closure
- Reinforced corners
- Double needle construction
- Customized to your specifications
- Designed for use on linen carts, central supply carts, lab carts, and more

Customization Options
